POLICY No. 20: PARTICIPATION OF STUDENTS/VOLUNTEERS
Mandatory – Quality Area 4

PURPOSE
This policy will provide guidelines for the engagement and participation of students at Pines Learning Childcare, while ensuring that children’s health, safety and wellbeing is protected at all times.

1. VALUES
Pines Learning Childcare is committed to:
- supporting connections with educational institutions to provide opportunities for students to undertake practicum placements as part of their studies
- ensuring the health, safety and wellbeing of each child at the service through consistent compliance with this policy and procedures when engaging students.

2. SCOPE
This policy applies to the Approved Provider, Nominated Supervisor, Certified Supervisor, educators, staff, students on placement, parents/guardians, children and others attending the programs and activities of Pines Learning Childcare. Pines Learning does not accept volunteers in the childcare area.

3. BACKGROUND AND LEGISLATION
Background
Students may participate in programs and activities at the service from time to time in order to observe and experience the provision of centre-based education and care. This will be encouraged and facilitated by Pines Learning Childcare wherever appropriate and possible.

Students can expect:
- a safe and well-managed workplace
- meaningful work experience with appropriate direction, supervision and training
- recognition for their contribution.

Prior to participation at the service all students must be in possession of a Working with Children (WWC) Check card.

Students must not be asked to perform tasks:
- that they are untrained, unqualified or too inexperienced to undertake
- that put the children or themselves in a vulnerable or potentially unsafe situation
- where there is a conflict of interest.
Prior to commencing work at the service, all students should be interviewed to ascertain their suitability for, and interest in, the tasks they will be undertaking, and to assess whether the students goals can be achieved. The interview process also provides an opportunity for students to have their questions answered.

It is a requirement under the *Education and Care Services National Regulations 2011* that the Approved Provider uses the staff record to document the details of all students. The staff record must include the full name, address and date of birth of each student who participates at the service. The Approved Provider of a centre-based service must also keep a record for each day on which the student participates at the service, including the date and the hours of participation. In addition to this, it is recommended that students undertake an induction to the service and complete an induction checklist (refer to Attachment 1), which should also be stored with the staff record.

**Legislation and standards**

Relevant legislation and standards include but are not limited to:

- *Education and Care Services National Law Act 2010*: Section 169

### 4. DEFINITIONS

The terms defined in this section relate specifically to this policy. For commonly used terms e.g. Approved Provider, Nominated Supervisor, Regulatory Authority etc. refer to the *General Definitions* section of this manual.

**Conflict of interest**: (In relation to this policy) refers to an interest that may affect, or may appear reasonably likely to affect, the judgement or conduct of the student, or may impair their independence or loyalty to the service. A conflict of interest can arise from avoiding personal losses as well as gaining personal advantage, whether financial or otherwise, and may not only involve the volunteer, but also their relatives, friends or business associates.

**Student**: A person undertaking a practicum placement as part of a recognised early childhood qualification. This student will be supported by an educational institution in the completion of their placement.

**Working directly with children**: For the purposes of the National Regulations, working directly with children is defined as being physically present with children and directly engaged in providing them with education and/or care.

**Working with Children (WWC) Check**: The check is a legal requirement for those undertaking paid or voluntary child-related work in Victoria and is a measure to help protect children from harm arising as a result of physical or sexual abuse. The Department of Justice assesses a person’s suitability to work with children by examining relevant serious sexual, physical and drug offences in a person’s national criminal history and, where appropriate, their professional history. A WWC Check card, notice or document (valid for five years), is granted to a person under working with children legislation if:
- they have been assessed as suitable to work with children
- there has been no information that, if the person worked with children, they would pose a risk to those children
- they are not prohibited from attempting to obtain, undertake or remain in child-related employment.
